In the name of Allah the Merciful

## Corona virus warnings messages

Basel Ayed`s Vision

This article is a vision, not intended to offend anybody no matter his / her believes.

May Allah remove this virus from the universe in a blink of eye and heal all the infected peoples.

In the past 30 years, I have had 5 viruses.

Some were very dangerous and some were moderate.

The first time I went to the doctor, he told me that there is no medication for viruses.

The second time I was infected with a virus, he said the same thing to me since then; I knew if it is a virus, I wouldn't go to the doctor.

Every time I was infected with a virus, it was possible that there would be millions of people around the world who had the same virus and did not know because they had never examined which type of virus "doctors say a virus and they don't care which one because your body has to fight it without drugs".

[\(Michigan Doctor Charged with Felonies for Treating Coronavirus Patients with Vitamin C\)](#)

The Dangerous ones on that time could have kill the elder and those people with health problems.

However, before the appearance of the Coruna virus, there was no count of virus types or number of deaths due to these viruses.

How severe is the corona virus disease?

Most people infected with the COVID-19 virus will experience mild to moderate respiratory illness and recover without requiring special treatment. Elderly and those with underlying medical problems like cardiovascular disease, diabetes, chronic respiratory disease, and cancer are more likely to develop serious illness.

As of Friday, April 17, 2020

154123 deaths because of corona virus

The total deaths worldwide 17375500

**The percentage of COVID-19 to the total deaths is 0.00887 which is not even 1%**

Around 82% of COVID-19's infected cases don't even feel sick,

Only 1 to 2% of the infected cases die.

More than 60 % of the people worldwide are scared to death.

Due to Fear and depression the effectiveness of their immune system could be zero, and this may cause them to die, or they get a heart attack.

If we consider this virus as dangerous as they claim, this does not mean that we must stop our lives for an unknown period of time; it may even continue until the end of 2020, and perhaps even beyond that.

There are three ways to get out of this crisis:

- Everyone lives their lives normally
- Keeping the elderly and those who suffer from medical problems in a safe place, uninfected individuals has to services them. *“Uninfected individuals have to get a test daily before starting work”*
- Stopping everything for three weeks; everything must be closed even the government, which means that there is no business or human contact. Only the police service, internet and online services from home. *“Everyone has to buy enough food for three weeks”*

**For the three ways, borders worldwide must remain closed for at least two months.**

**Why** we are counting and spreading the threat and the fear worldwide!!!!!!??

All the media and the counting are totally wrong. It is not the right figures because those counts only include who had the test. The reality might be 10 times more cases.

بِسْمِ اللَّهِ الرَّحْمَنِ الرَّحِيمِ

ثُمَّ رُدُّوهُ إِلَى اللَّهِ مَوْلَاهُمُ الْحَقِّ أَلا لَهُ الْحُكْمُ وَهُوَ أَسْرَعُ الْحَاسِبِينَ ﴿٦٢﴾

SAHIH INTERNATIONAL

Then they His servants are returned to Allah, their true Lord. Unquestionably, His is the judgement, and He is the swiftest of accountants.

Only Allah knows how many they are and when will this ends.

Some people, of course, benefit from the global economic slowdown and take over the world, but everything happens for a reason.

**Allah knows all the reasons; some of them are:**

**We do not have to count the number of dead from this virus** because if we count them, we have to count the number of dead from all kinds of viruses that may infect us, we do not have to ask things that we do not need to know, and God made life simple why complicate them!!

يَأْتِيهَا الَّذِينَ ءَامَنُوا لَا تَسْأَلُوا عَنْ أَشْيَاءَ إِن تُبَدَّ لَكُمْ تَسْأَلُكُمْ وَإِن تَسْأَلُوا عَنْهَا حِينَ يُنَزَّلُ الْقُرْءَانُ تُبَدَّ لَكُمْ عَفَا اللَّهُ عَنْهَا وَاللَّهُ غَفُورٌ حَلِيمٌ

SAHIH INTERNATIONAL

O you who have believed, do not ask about things which, if they are shown to you, will distress you. But if you ask about them while the Qur'an is being revealed, they will be shown to you. Allah has pardoned that which is past; and Allah is Forgiving and Forbearing.

**Blood** travels at three feet per second when it leaves the heart, but it slows down as it gets into smaller arteries and capillaries. It takes a minute to get around the **body**.

Five quarts of **blood** per minute are transported around the **body**.

Your body has about 5.6 liters (6 quarts) of blood. These 5.6 liters of blood circulates through the body three times every minute. In one day, the blood travels a total of **19,000 km** (12,000 **miles**)—that's four times the distance across the USA from coast to coast.

**The** circulatory system is extremely **long**

If you were to lay out all of **the** arteries, capillaries and **veins** in one adult, end-to-end, they **would stretch** about 60,000 miles (100,000 kilometers).

On average, it takes about 45 seconds for **blood to circulate** from the heart, all around the **body**, and back to the heart again. An average adult's heart beats more than 100,000 times a day.

The rate of **blood cell** formation varies depending on the individual, but a typical production might average 200,000,000,000 **red cells** per **day**, 10,000,000,000 **white cells** per **day**, and 400,000,000,000 platelets per **day**.

**The cells** develop in **the** bone marrow **and circulate** for about 100–120 **days** in **the** body **before their** components **are** recycled by macrophages. Each **circulation** takes about 60 seconds (one minute).

**Blood cells** constantly die and your body makes new ones. **Red blood cells live** about 120 days, and platelets **live** about 6 days. Some **white blood cells live** less than a day, but others **live** much **longer**.

بِسْمِ اللَّهِ الرَّحْمَنِ الرَّحِيمِ

ثُمَّ خَلَقْنَا النُّطْفَةَ عَلَقَةً فَخَلَقْنَا الْعَلَقَةَ مُضْغَةً فَخَلَقْنَا الْمُضْغَةَ  
عِظَامًا فَكَسَوْنَا الْعِظَامَ لَحْمًا ثُمَّ أَنْشَأْنَاهُ خَلْقًا آخَرَ فَتَبَارَكَ اللَّهُ  
أَحْسَنُ الْخَالِقِينَ ﴿١٤﴾

SAHIH INTERNATIONAL

Then We made the sperm-drop into a clinging clot, and We made the clot into a lump [of flesh], and We made [from] the lump, bones, and We covered the bones with flesh; then We developed him into another creation. So blessed is Allah, the best of creators.

If Allah made you see your blood circulation, you will spend all your life worrying if the blood slows down, gets blocked or even wondering how many cells are dead. Will I get new ones?!!!!!!

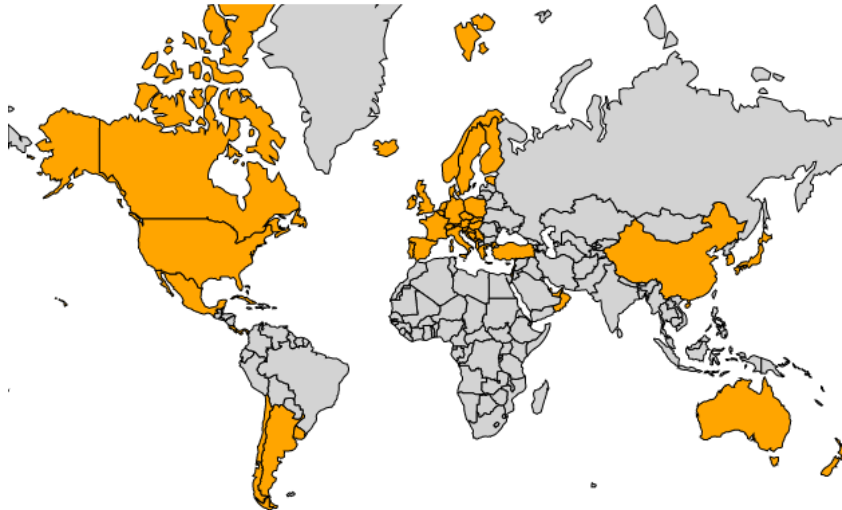

Questions that could not be answered and countless numbers, God the Almighty alone know the answers.

Allah the Creator knows everything that belongs to us and we know a very small part about ourselves. The bad is forbidden no more than 5% of what we do in our whole life. Perhaps this Muharram some people do not do, because they have neither the ability nor the money to buy it.

There are millions of viruses around us.

(Don't ask) Do Not intimidate people or make their life difficult **Say alhamdulillah Allah** (thanks to Allah`s mercy)

**The map of Healthiest Countries 2020 looks like Corona virus map**

**Healthiest Countries:** maybe it's one of the most important reasons why Allah is sending us this warning

**As of Friday, April 17, 2020,** these countries have 97% of the deaths infected by Corona virus

إِنَّمَا مَثَلُ الْحَيَاةِ الدُّنْيَا كَمَاءٍ أَنْزَلْنَاهُ مِنَ السَّمَاءِ فَاخْتَلَطَ بِهِ نَبَاتُ الْأَرْضِ  
مِمَّا يَأْكُلُ النَّاسُ وَالْأَنْعَامُ حَتَّى إِذَا أَخَذَتِ الْأَرْضُ زُخْرُفَهَا وَازَّيَّنَتْ وَظَنَّ  
أَهْلُهَا أَنَّهُمْ قَدِرُونَ عَلَيْهَا أَتَيْنَاهَا أَمْرًا لَيْلًا أَوْ نَهَارًا فَجَعَلْنَاهَا  
حَصِيدًا كَأَن لَّمْ تَغْنَبِ بِالْأَمْسِ كَذَلِكَ نُفَصِّلُ الْآيَاتِ لِقَوْمٍ يَتَفَكَّرُونَ

#### SAHIH INTERNATIONAL

The example of [this] worldly life is but like rain which We have sent down from the sky that the plants of the earth absorb - [those] from which men and livestock eat - until, when the earth has taken on its adornment and is beautified and its people suppose that they have capability over it, there comes to it Our command by night or by day, and We make it as a harvest, as if it had not flourished yesterday. Thus do We explain in detail the signs for a people who give thought.

They aren't only Healthiest Countries, but they are wealthiest and the Powerful;

“Allah is the greatest and the most powerful”

### Alhamdulillah;

Allah could send a virus that kills 100% of the infected but this one kills only 1 to 2% of the infected, and paralyzed the whole world.

Allah`s message to those countries is you aren't capable of fighting a virus.

Stay healthy to fight the virus. It can be very simple. With a good immune system, you can fight any virus.

If you're 100% healthy and you have depression, your immune system couldn't fight any infection.

Most of the people of “”wealthy countries”” have a lot of debts; they buy everything with credit which will end up to depression because they couldn't pay their bills.

Allah made interest forbidden because you're never safe with debts.

Praying is the only way to get 100% immune system without depressions or any other problems,

بِسْمِ اللَّهِ الرَّحْمَنِ الرَّحِيمِ

الَّذِينَ ءَامَنُوا وَتَطْمَئِنُّ قُلُوبُهُمْ بِذِكْرِ اللَّهِ أَلَا بِذِكْرِ اللَّهِ تَطْمَئِنُّ  
الْقُلُوبُ

SAHIH INTERNATIONAL

Those who have believed and whose hearts are assured by the remembrance of Allah . Unquestionably, by the remembrance of Allah hearts are assured."

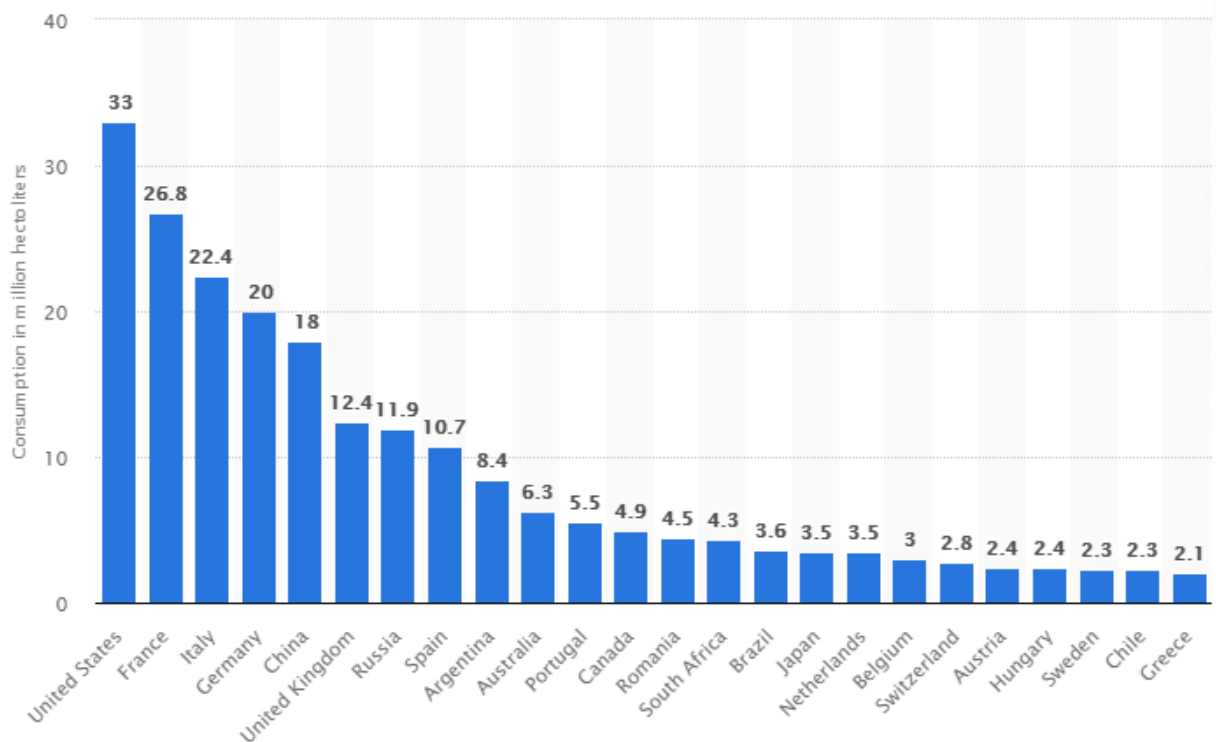

Allah has forbidden wine and all alcoholic drinks for many reasons one of them, they could lead to **ZERO** effectiveness from your immune system.

**People in countries like Italy, Spain and France cannot eat without drinking wine.**

Check the chart below the higher consumption of wine, which is toxic, the higher the deaths from corona virus.

**Alhamdulillah Allah** (thanks to Allah)

Allah made our life easier by forbidding it.

**Wine consumption worldwide in 2018, by country**

***Junk and processed food made companies and restaurants wealthy selling garbage and not only leads to bad immune system but also lead to many kinds of diseases (Chronic illnesses).***

Eating junk food on a regular basis can lead to an increased risk of obesity and chronic diseases like **cardiovascular disease**, type 2 diabetes, non-alcoholic fatty liver disease and some cancers.

Cancer, type 2 diabetes, celiac **disease**, and multiple sclerosis are just a few of the outcomes associated with consuming **processed foods**. Some studies have also suggested that consuming **processed** meat may raise the risk of premature death.

Heavily **processed foods** often include unhealthy levels of added sugar, sodium and fat. These ingredients make the **food** we eat taste better, but too much of them **leads to** serious health issues like obesity, heart **disease**, high blood pressure and diabetes and Lacking in nutritional value.

Processed foods: When ingredients such as oil, sugar or salt are added to foods and they are packaged, the result is processed foods.

Examples are simple **bread**, cheese, tofu, and canned tuna or beans, these foods have been altered, but not in a way that's detrimental to health.

## ***In the USA 24% Worldwide deaths of corona virus:***

More than 60% of the American diet consists of highly processed foods — foods that have been taken apart and put back together again with various combinations of sugar, salt, oil and additives. It's no surprise that junk food and frozen dinners fall into this category.

## **[The Islamic diet is superior to Christianity and Judaism .. Claire Forester](#)**

### ***Why unfortunate countries have fewer deaths?***

Everything happens for reason, only Allah knows the reason.

Humans have visions

Because most of people in those countries don't even have money to eat, they can't afford to drink, smoke and eat junk or process food.

They eat good food which is great for their immune system. Others eat whatever they can find, which is full of bacteria that makes their bodies gets used to it.

Or they don't count right, because whoever is counting, is counting only the cases that were tested positive. That means is not all the cases.

### **Small Warning from Allah**

**B**ut the world sees it as very big and hard.

People have to change, especially the Muslims that failed the test.

They closed the Mecca the center of the universe, now the angels are the only creatures making Tawaf, around their Kaaba (Al Bayt Al Maamor).

They could make hajj this year and prayers with small number of people from Makah or the kingdom.

Closing all the houses of Allah in most Islamic countries, it would have been very easy to organize all prayers carefully.

*(For example, Friday prayers are organized in the same mosque several times, according to the number allowed)*

*(Makah opens for a certain number and Hajj is also only for the people of the Kingdom)*

Wealthy and Powerful countries have to respect the other countries and not threaten them with weapons, steal their resources and support corrupted leaders all over the world

They have to learn from this small lesson. They couldn't even fight a tiny virus, but they were spending all kind of money and using power to burn land and people everywhere. They are in a break now.

Thanks for the virus. **Alhamdulillah Allah**

If not; who knows? Maybe the next one will be a real threat and not kill only 1%

Or maybe will be the end.

Only **Allah knows**

For who is saying I am bored! Imagine if the virus is inside all homes, so they have to stay and sleep outside in a very cold or hot weather. Don't be bored, what is happening because of our sins or a test.

Whoever has any doubts about who created the universe or whoever is worshiping another God than Allah, after all what is happening right now, will regret it if he or she doesn't change his believes.

Anything is forbidden in Islam is good for the humanity, obey and don't ask. Who create you knows which is good or bad for you.

Corona virus made a little balance in our life.

**Alhamdulillah Allah.**

***The following verses to remind you of some of what is going to happen if you don't change after the small warning.***

***May Allah mercy and guides humanity.***

فَلَمَّا أَنْجَاهُمْ إِذَا هُمْ يَبْغُونَ فِي الْأَرْضِ بِغَيْرِ الْحَقِّ يَتَأَيُّهَا النَّاسُ إِنَّمَا  
بَغْيِكُمْ عَلَىٰ أَنْفُسِكُمْ مَتَّعَ الْحَيَاةَ الدُّنْيَا ثُمَّ إِلَيْنَا مَرْجِعُكُمْ فَنُنَبِّئُكُمْ بِمَا  
كُنْتُمْ تَعْمَلُونَ ﴿٢٣﴾

SAHIH INTERNATIONAL

But when He saves them, at once they commit injustice upon the earth without right. O mankind, your injustice is only against yourselves, [being merely] the enjoyment of worldly life. Then to Us is your return, and We will inform you of what you used to do.

بِسْمِ اللَّهِ الرَّحْمَنِ الرَّحِيمِ

وَإِذَا آذَقْنَا النَّاسَ رَحْمَةً مِّنْ بَعْدِ ضَرَاءٍ مَّسَّتْهُمْ إِذَا لَهُم مَّكْرٌ فِي آيَاتِنَا قُلْ  
اللَّهُ أَسْرَعُ مَكْرًا إِنَّ رُسُلَنَا يَكْتُبُونَ مَا تَمْكُرُونَ ﴿٢١﴾

SAHIH INTERNATIONAL

And when We give the people a taste of mercy after adversity has touched them, at once they conspire against Our verses. Say, "Allah is swifter in strategy." Indeed, Our messengers record that which you conspire

قُلْ هُوَ الْقَادِرُ عَلَىٰ أَنْ يَبْعَثَ عَلَيْكُمْ عَذَابًا مِّنْ فَوْقِكُمْ أَوْ مِنْ تَحْتِ أَرْجُلِكُمْ أَوْ  
يَلْبِسَكُمْ شِيْعًا وَيُذِيقَ بَعْضَكُمْ بَأْسَ بَعْضٍ ۗ لَّنْظُرَ كَيْفَ نَصْرِفُ الْآيَاتِ لَعَلَّهُمْ  
يَفْقَهُونَ ﴿٦٥﴾

SAHIH INTERNATIONAL

Say, "He is the [one] Able to send upon you affliction from above you or from beneath your feet or to confuse you [so you become] sects and make you taste the violence of one another." Look how We diversify the signs that they might understand.
